

**Business Situation:**

You are planning to start a business, now you need to decide as an owner in which sector you want to start your business.

Sectors are:

- Information Technology
- Education
- Healthcare
- E-commerce

Now, after choosing sector, you need to plan strategies for every department.

1. Sales(How will you sell your product)
2. Social Media Marketing(How will you increase the reach of your product)
3. Customer Satisfaction(How will you provide quality service to your clients)
4. Other Strategies (Any additional strategies not included already).

Mentioning strategies for points 1,2 and 3 is compulsory.
